

**NOW HIRING**

**PRODUCT MANAGER / OWNER**

**DESCRIPTION**

Farmobile is seeking a highly engaged Product Manager with a passion for agriculture, technology and experience building great products that make customers happy. The Product Manager is a core member of the product delivery team, focusing on identifying and prioritizing opportunities and collaborating with the team to build and deploy new features.

**RESPONSIBILITIES**

- Develop product strategy and roadmaps - Synthesize multiple inputs into a clear product strategy and manage ongoing prioritization of partnerships and features
- Use strong business judgment and technical knowledge to inform an understanding of what is technically possible and strategically critical to success
- Work closely with partners across the industry to identify opportunities, align objectives and successfully execute partnerships and integrations
- Engage in the scrum process and participate with the Product Delivery team(s) to meet objectives
- Work closely with the executive team to define product strategy and integrate your roadmap into the company vision and strategy

**REQUIREMENTS & QUALIFICATIONS**

- 5+ years of product management experience (Agtech or data analytics experience preferred)
- Experience working with customers and partners to determine business requirements
- Experience developing use cases, user stories and product requirements using JIRA or similar tools
- Experience working with software engineering teams in an agile scrum model to deliver a platform ecosystem
- Demonstrated product leadership through shipping successful products in cross-functional environments with little instruction or oversight
- BA/BS in a technical field or equivalent experience
- Strong strategic and analytical skills
- High attention to detail and ability to manage complex projects
- Passion or familiarity for agriculture preferred
- Demonstrated ability to build trust and collaboration within teams
- Experience deploying open source technology preferred

**BENEFITS**

- Casual dress in a creative environment
- Collaborate with an incredibly talented team
- Free lunch (and snacks and cookies and donuts)
- Eligible for Farmobile's 401k and group health plans, including medical, dental, vision and other voluntary benefits
